K37 - 2 Points - Vending machines not clean or improper signage; 114145

Inspector Observations: Observed two vending machines dispensing Potentially Hazardous Foods are not permitted by this department. [CA] Vending machines shall meet applicable requirements and obtain approval by this Department. Immediately cease and desist the use of vending machines.

Measured Observations

N/A

Overall Comments:

On-site to conduct a follow-up to the previous routine inspection to address violation K37.

Upon review, two vending machines dispensing Potentially Hazardous Foods are not permitted by this Department. Equipment is impounded as it has not been certified or approved for use in the food facility. Issued impound sticker and enforcement report during inspection.

Per PIC, vending machines are owned by a separate vendor, Canteen, and cannot be opened by facility on-site. PIC contacted Canteen to close out their point of sales during inspection. PIC stated that all food will be removed.

Submit plans to this department at dehplanchek@deh.sccgov.org for the installation of new equipment. Further information for plan check submittal was emailed to jenika.ella@compass-usa.com and daniel_guerry@amat.com during inspection.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **2/12/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
