Measured Observations

Item	Location	Measurement	Comments
Ambient Air	Receiving Walk in Cooler	33.00 Fahrenheit	IR
Quaternary Ammonia - Sanitizer	Three Compartment Sink	200.00 PPM	

Overall Comments:

This is the first follow up inspection to verify compliance with violations noted during the routine inspection. Reviewed pest control report dated for 10/08/25 and submitted service requests to have the dishwasher, blast chiller, and holes in the storage room fixed.

Observations:

K07: All food was in appropriate time and temperature relationships.

K14: Facility was manually washing, rinsing, and sanitizing dishes.

K23: Reviewed the pest control report from service provider, Orkin. Report stated no new activity was observed. Several old droppings were still present under wire racks in the open dry storage area. No evidence of vermin in the dedicated dry storage room. Evaluated delivery bay doors to be fully closed with no potential entry points. Vermin activity to be evaluated at future routine inspections of adjacent program records. Clean and sanitize remaining droppings, dispose of any contaminated food, and send proof of corrections to district specialist within 24 hours. Provide pest control reports to district specialist for the next 3 months. Alexander.Alfaro@deh.sccgov.org.

K35: The receiving walk in cooler was repaired. Observed the blast chiller being actively worked on.

Continue to correct any and all pending violations.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **10/23/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
