Overall Comments:

Note:1. Food safety manager certificate: Amilcar Galicia - 9/17/2029

2. The cremaria is on the process of moving into the meat department. The store manager does not know what the station is going to be used for in the future. If the area is going to be converted into a new food service station and new equipment are going to be installed, permit must be submitted for all new equipment to our office via an email to dehplancheck@deh.sccgov.org before installing them. Please use this email to inquire about the plan check application requirements.

3. No violation was observed in the cremaria area.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **7/3/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
