Overall Comments:

*Met with the owners husband, Ziad at the facility.
 No live or dead cockroaches were observed. The pest control report and invoice were sent to this department by the owner. The facility may reopen. Please continue to take effective measures to protect food and eliminate cockroaches from inside the facility. There was a pot of uncovered soup on the stove hot. Food was not to be prepared during closure due to vermin infestation. The employees threw it away by the end of the inspection.*
