### Overall Comments:

*The following was discussed with the operator: Thawing*

*Frozen potentially hazardous food shall only be thawed in one of the following ways: 1) under refrigeration that maintains the food temperature at 41°F or below, 2) completely submerged under potable running water for a period not to exceed two hours at a water temperature of 70°F or below, and with sufficient water velocity to agitate and flush off loose particles into the sink drain, 3) in a microwave oven if immediately followed by immediate preparation, 4) as part of a cooking process.*

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **3/7/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
