Overall Comments:

This was a follow-up to the 12/18/2024 routine inspection to assess the working condition of the front prep area's handwash sink. Inspector did not receive the requested video of the sink functioning. Today, the sink was observed to be draining slightly more quickly than during the 12/18/24 inspection, but it was still draining slowly.

***** By 1/17/25, send a video of the water being turned on for 10-15 seconds, turn the water off, then show the water draining.*****

Failure to comply or provide updates will result in billable follow-up inspection(s), \$298 per hour.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **1/28/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
