**Inspector Observations:** In the back prep area, underneath a wooden tabletop, observed two cockroaches between the crevice in the middle section of the table. By the 3 compartment sink, observed a single cockroach fall from underneath the plastic push-cart, and two cockroaches on the crevices above the wheels. At the 2 door undercounter refrigerator, observed two cockroaches in the crevices of the upper hinge of the left-side door. Behind the 2 door undercounter refrigerator, observed a single cockroach behind plastic bracket holding copper piping. [CA] The premises of each food facility shall be kept free of cockroaches. A food facility shall not operate when there is a cockroach infestation that has resulted in the contamination of food contact surfaces, food packaging, utensils, food equipment, or adulteration of food(s). The food facility shall cease operation of the food facility immediately. The food facility shall remain closed until: there is no longer evidence of a vermin infestation; all contaminated surfaces have been cleaned and sanitized; and contributing factors such as cleaning, repairs, and the elimination of harborage have been resolved. Contact pest control to provide service for facility, and seal all cracks and crevices to prevent continued harborage. Contact district inspector at 408-918-1955 to schedule follow-up inspection. Follow-up inspection will be charged at a rate of \$219.00 per hour. All after hours and weekend inspections will be charged at a rate of \$493.00 per hour.

## CLOSURE / PERMIT SUSPENSION NOTICE

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **5/27/2021**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.

This notice is to inform you that as of this date the Environmental Health Permit for the above mentioned food facility is hereby suspended and all operations therewith are ordered to cease. This action is taken in accordance with Section 114409 of the California Health and Safety Code which states 'If any imminent health hazard is found, unless the hazard is immediately corrected, an enforcement officer may temporarily suspend the permit and order the food facility or cottage food operation immediately closed.'

You have the right to make a written request for a hearing within 15 days after receipt of this notice to show just cause why the permit suspension is not warranted. Failure to request such a hearing within the 15-day period shall be deemed a waiver of the right to a hearing. After these violations have been corrected, you must call the Department of Environmental Health for a reinspection to reinstate the permit to operate. Phone #: (408)918-3400.
