Overall Comments:

Reinspection with the new owner Phat Le. No cockroaches were observed during this inspection. The most recent pest control report showed no roach activity observed. The facility may open. According to the new owner he will open for business on 10-20-26. Continue to cover the holes in the walls, including the hole next to the janitors sink.

The SPT brand undercounter mini refrigerator is not an approved-type unit and must be removed or submit to plan check for the unit.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **10/27/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
