Overall Comments:

On site for follow up inspection for routine inspection conducted on 12/19/2024.

No live cockroach activity observed in the facility.

Observed one dead juvenile cockroach behind water filter near proofer in back prep area. Observed one dead juvenile cockroach in the instruction manual packet next to water heater. Manager eliminated dead cockroaches from both areas. Observed one dead juvenile cockroach in sticky trap at water heater area. Per manager, pest control professional will be coming back on 12/23/24 to replace sticky traps and provide another pest control service.

Per manager, contaminated surfaces have been cleaned. Observed some cracks and crevices that have been sealed. One of the shelves with pest activity has been removed and will not be re-installed.

Continue to clean, sanitize contaminated areas and seal any gaps or crevices to prevent pest activity.

Facility is ok to reopen.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **1/5/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
