Overall Comments:

Note: 1. This is a second follow-up inspection to the routine inspection that was conducted on 03/25/2026. During the first follow-up inspection conducted on 04/10/26, the bakery was found to be sharing a water heater with the Mercado San Jose grocery store. Therefore, the owner of the bakery was given a week to submit plan and specification to our office to install a dedicated water heater. However, the owner has not submitted yet. Therefore, I stopped by the facility to inquire the reason and issue another week extension for the owner to submit plan and specification to our office in person or via email at dehplancheck@deh.sccgov.org. If plan and specification is not submitted to our office by 6/5/2026, the permit to operate shall be suspended.

2. Since this is a second follow-up inspection, the owner shall get an invoice for \$282.00

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **6/11/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
