Measured Observations

Item	Location	Measurement	Comments
WARM WATER	KITCHEN	100.00 Fahrenheit	

Overall Comments:

This was a follow-up to the 6/23/25 routine inspection. Observed the major violations were in compliance as follows:

- 1. Measured warm water at the handsink in the warewashing area to be 100F, and cold water was available.*
- 2. The warewashing area's handsink had a stocked and functioning paper towel dispenser.*
- 3. Observed rice was properly labeled to be discarded per TPHC procedures.*

Yellow placard was replaced with a green placard. OK to operate.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **7/8/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
