Overall Comments:

On-site for a follow-up inspection after rodent activity was observed during the routine inspection conducted on 1/26/2026.

No evidence of rodent activity observed during the follow-up inspection

Facility interior has been serviced by Advanced IPM.

All monitoring traps observed to be free of any vermin activity. Continue to monitor, and contact pest control for additional treatments as needed.

Facility condition has been lifted; Facility may now resume normal food service operations.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than 2/11/2026. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
