Overall Comments:

PIC called and requested follow up inspection.

This is a charged 3rd follow up inspection to the limited inspection and first follow up inspection conducted on 5/3/2021 and the second follow up conducted earlier in the day on 5/4/2021.

Observed droppings in front service area on counter, in boxes, on food storage containers, and on floor along wall. When moving to the back of the facility another employee stated that they were still cleaning and not ready for a follow up. Employee requested that inspector come back later. PIC then also requested that inspector come back in a few hours.

Facility is to remain closed due to evidence of vermin.

Clean and sanitize all food and nonfood contact surfaces. Remove all evidence of rodents from facility and ensure there is no evidence of vermin found at follow up inspection. Facility will remain closed at this time and will not reopen until a follow up inspection is conducted.

Facility is to cease and desist all food sales and operations, including food preparation. Do not remove, cover-up, or relocated red placard. Failure to comply may result in enforcement actions. If a second follow-up-inspection is conducted, there will be a \$219/hr charge at a minimum one-hour charge.

Contact Jennifer Rios, 408-918-3480 for a follow up inspection.

**If professional pest control services are obtained during the closure, please provide the pest control report from service during re-inspection.*

Weekend/After hours charges

A charge of \$493 will be charged by the Department of Environmental Health for today's follow up inspection. For after hour inspections (after 6pm Monday through Friday and on weekends) there will be a \$493 charge/hour.

Report written off site. Signature not obtained due to COVID-19 and social distancing parameters. A copy of this report will be emailed to the operator.

CLOSURE / PERMIT SUSPENSION NOTICE

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **5/18/2021**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.

This notice is to inform you that as of this date the Environmental Health Permit for the above mentioned food facility is hereby suspended and all operations therewith are ordered to cease. This action is taken in accordance with Section 114409 of the California Health and Safety Code which states 'If any imminent health hazard is found, unless the hazard is immediately corrected, an enforcement officer may temporarily suspend the permit and order the food facility or cottage food operation immediately closed.'

You have the right to make a written request for a hearing within 15 days after receipt of this notice to show just cause why the permit suspension is not warranted. Failure to request such a hearing within the 15-day period shall be deemed a waiver of the right to a hearing. After these violations have been corrected, you must call the Department of Environmental Health for a reinspection to reinstate the permit to operate. Phone #: (408)918-3400.

Legend:
