Overall Comments:

Reinspection for correction of the violations observed on 6-6-25 inspection report.

The True brand refrigerator is now holding food at 38 degrees F.

There are not any droppings observed at this time and the owner was vacuuming behind equipment during inspection.

Please continue to correct the remaining violations such as the gap under the screen door to help eliminate rodent and insect entrance. Also, remove the grease and grime from the floor under and behind most all equipment.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/1/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
