K48 Plan review			
Permits available			
K58 Placard properly displayed/posted			

#### **Comments and Observations**

## **Major Violations**

K06 - 8 Points - Inadequate handwash facilities: supplied or accessible; 113953, 113953.1, 113953.2, 114067(f)

Inspector Observations: At the main entrance to the front cook line, hand sink did not have hot water due to a broken hot water handle. Per PIC, the hand sink was used to wash hands using only cold water. Path to the hand sink was also obstructed by an immovable equipment to the right side and a fire extinguisher to the left. [CA] Hand sinks shall be fully functional with hot and cold water. Cease the use of this hand sink until hot water is repaired and path to the hand sink is not obstructed.

[SA] PIC completely blocked the path to the hand sink, and was directed to cease the use of this hand sink until repair is done. Employee was directed to use the other fully stocked hand sink close by.

Observed a second hand sink about 3 feet away from the fryer without single-use paper towels in the dispenser. [CA] Hand sinks shall be fully stocked with soap and single-use paper towels. [COS] PIC restocked the dispenser with single-use paper towels.

K07 - 8 Points - Improper hot and cold holding temperatures; 11387.1, 113996, 113998, 114037, 114343(a)

Inspector Observations: At the bottom prep unit in the back of the kitchen (near the walk-in cooler), measured cooked white and seasoned rice at 44 F and 45 F, respectively. The ambient temperature of the bottom prep unit was measured at 49F. Per PIC, the rice was prepared and kept in the prep unit for cold holding yesterday. [CA] All PHFs shall be kept at 41 F or below, or at 135 F or above.

[COS] Operator voluntarily condemned and discarded the rice. See VC&D report.

K14 - 8 Points - Food contact surfaces unclean and unsanitized; 113984(e), 114097, 114099.1, 114099.4, 114099.6, 114101, 114105, 114109, 114111, 114113, 114115(a,b,d), 114117, 14125(b), 114111

Inspector Observations: At the three-compartment ware wash station, observed employee washing multi-use utensils without the sanitization step. The three-compartment sink was not set up with wash, rinse, and sanitization compartments.

[CA] Manual sanitization shall be accomplished in the final sanitizing rinse by contacting a chlorine solution of 100 PPM concentration for at least 30 seconds or by contacting a quaternary ammonium solution of 200 PPM concentration for at least 60 seconds.

[COS] PIC prepared the chlorine sanitization compartment with the appropriate concentration of 100 ppm, and sanitized the multi-use utensils/equipment.

## **Minor Violations**

K01 - 3 Points - Inadequate demonstration of knowledge; food manager certification

Inspector Observations: Food handler cards were not provided for all employees at the time of inspection. [CA] [CA] Each food handler shall maintain a valid food handler card for the duration of his or her employment as food handler. A valid food handler card shall be provided within 30 days of after the date of hire.

K09 - 3 Points - Improper cooling methods; 114002, 114002.1

Inspector Observations: Observed fried rice and cooked chicken cooling at room temperature in containers with lids

[CA] When cooling PHF's, food may be left uncovered or loosely covered to allow rapid cooling. [COS] Cover was removed to facilitate cooling of PHFs.

K21 - 3 Points - Hot and cold water not available; 113953(c), 114099.2(b), 114163(a), 114189, 114192, 114192.1, 11419

Inspector Observations: Measured hot water at the three-compartment sink at 118-119 F. [CA] Hot water shall be supplied at a minimum temperature of at least 120°F measured from the faucet throughout facility except at handwash sinks.

K30 - 2 Points - Food storage containers are not identified; 114047, 114049, 114051, 114053, 114055, 114067(h), 114069 (b)

Follow-up By 05/12/2022

## OFFICIAL INSPECTION REPORT

Facility	Site Address		Inspection Date
FA0259940 - VON CHICKEN SAN JOSE	3730 N 1ST ST 145, SAN	N JOSE, CA 95134	05/09/2022
n	1.		
Program	0/	wner Name	Inspection Time

Inspector Observations: A container of raw chicken was observed directly on the floor in the walk-in cooler. [CA] To prevent cross-contamination, all foods shall be stored at least 6 inches above the floor.

K35 - 2 Points - Equipment, utensils - Unapproved, unclean, not in good repair, inadequate capacity; 114130, 114130.1, 114130.2, 114130.3, 114130.4, 114130.5, 114132, 114133, 114137, 114139, 114153, 114155, 114163, 114165, 114167, 114169, 114175, 114177, 114180, 114182

Inspector Observations: At the back of the kitchen near the walk-in cooler, measured the ambient temperature of the bottom pull-out cooler to be 49 F. Internal thermometer reading was 45-46F.

[CA] Repair refrigeration to be capable of maintaining PHFs at 41°F or below.

K36 - 2 Points - Equipment, utensils, linens: Improper storage and use; 114074, 114081, 114119, 114121, 114161, 114178, 114179, 114083, 114185

Inspector Observations: Observed rice scooper in container of standing water.

[CA] Utensils shall be stored in the following manner: 1) in the food with their handles above the top of the food and the container, 2) in running water, 3) in a container of water at 135°F or above, 4) at room temperature if washed within 4 hours of initial use.

K38 - 2 Points - Inadequate ventilation and lighting in designated area; 114149, 114149.1, 114149.2, 114149.3, 114252, 114252.1

Inspector Observations: Observed a broken hood lamp at the main hood in the front cook line. [CA] Replace hood lamp.

Observed lack of lighting in the walk-in cooler and the walk-in freezer. [CA] Repair and replace lighting in the bottom prep cooler, in the walk-in cooler, and in the walk-in freezer.

K41 - 2 Points - Plumbing unapproved, not installed, not in good repair; improper backflow devices; 114171, 114189.1, 114190, 114192, 114193, 114193.1, 114199, 114201, 114269

Inspector Observations: Observed drain pipe to the one-compartment prep sink extending in the floor sink. [CA] Drain pipe shall have at least 1" gap above the top level of the floor sink.

## **Performance-Based Inspection Questions**

Needs Improvement - Adequate handwash facilities: supplied or accessible.

Needs Improvement - Food contact surfaces clean, sanitized.

Needs Improvement - Proper cooling methods.

#### **Measured Observations**

<u>Item</u>	<u>Location</u>	<u>Measurement</u>	Comments
Fried chicken	Fryer at cook line	165.00 Fahrenheit	Cooking temperature
Garlic oil	Walk-in cooler	41.00 Fahrenheit

Program	Owner Name	Inspection Time
PR0380915 - FOOD PREP / FOOD SVC OP 0-5 EMPLOYEES RC 2 -	FP10 CHUN, SARAH	10:50 - 15:30

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than 5/23/2022. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
