K23 - 8 Points - Observed rodents, insects, birds, or animals; 114259.1, 114259.4, 114259.5

Inspector Observations: Repeated violation: Multiple live adult and nymph cockroaches were observed below and above the warewash and handwash sinks, on the crevices and holes behind the sinks, and on the floor sinks below the wash sink. There were many nymphs below the cooking equipment under the exhaust hood as well. There were many live and dead cockroaches on the floor below the sitting booth in the dining areas as well. [CA] Eliminate all insects/rodents from the facility by a legal method. Until the live cockroaches are all eliminated and verified by a district inspector, the facility shall be closed. Please contact the district inspector for a follow-up inspection.

During a follow-up inspection, no live or dead vermin, indication of the dropping, gnawing, or rat rub marking should be observed. The owner of the facility must provide a pest control company report which indicate what interventions were conducted and observed violations and recommendations.

The structural issues including the cracks, crevices, and gaps between the wall and the sinks and the preparation tables and the walls must be caulk or sealed. To prevent vermin hiding and breeding and easy cleaning of the floor area, all food products must remove from the floor and stored on shelves or dunnage racks.

Any operational and structural issues that contribute to the vermin infestation must also be addressed.

Overall Comments:

Note: This is a follow-up inspection to the routine inspection conducted on 07/31/2025. The facility was closed due to vermin infestation. The owner hired a pest control company and conducted intervention, conducted cleaning, send our office completed reopening checklist, and requested an inspection for today.

During today's follow-up inspection, many live and dead cockroaches were observed on the same location where I found live once last Thursday. Many live and dead cockroaches were also observed on dining area below the sitting booth. Therefore, the facility is going to remain closed. This first follow-up inspection is a free inspection, however, any subsequent follow-up inspection after first follow-up shall be billed \$298/hour, minimum one hour, during normal business hours (Monday - Friday, 7:30 AM to 4:30 PM), and \$645 for the first 2 hours, thereafter \$298 each additional hour, during non-business hours, and upon inspector availability

The posted placard is property of the Santa Clara County Department of Environmental Health and shall not be removed, covered

OFFICIAL INSPECTION REPORT

Facility FA0207899 - LA CIMA GRILL SPORTS BAR	Site Address 233 S WHITE RD, SAN JOSE, CA 95127	Inspection Date 08/05/2025
Program PR0307559 - FOOD PREP / FOOD SVC OP 0-5 EMPLOYEES RC 3 - FP11	Owner Name CASTELLANOS FIERRO, KAREN	Inspection Time 09:25 - 10:25

up, relocated, tampered, or copied. Failure to comply may result in enforcement actions per County Ordinance Code Section B11-55.

A facility found to be in continued operation without a permit may incur a penalty of three (3) times the operating permit fee, and fee(s) for re-inspection(s) charged at the current hourly rate approved by the Santa Clara County Board of Supervisors. Penalties and fees incurred due to enforcement activities must be paid in full prior to the issuance of an operating permit.

CLOSURE / PERMIT SUSPENSION NOTICE

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/19/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.

This notice is to inform you that as of this date the Environmental Health Permit for the above mentioned food facility is hereby suspended and all operations therewith are ordered to cease. This action is taken in accordance with Section 114409 of the California Health and Safety Code which states 'If any imminent health hazard is found, unless the hazard is immediately corrected, an enforcement officer may temporarily suspend the permit and order the food facility or cottage food operation immediately closed.'

You have the right to make a written request for a hearing within 15 days after receipt of this notice to show just cause why the permit suspension is not warranted. Failure to request such a hearing within the 15-day period shall be deemed a waiver of the right to a hearing. After these violations have been corrected, you must call the Department of Environmental Health for a reinspection to reinstate the permit to operate. Phone #: (408)918-3400.
