Minor Violations

N/A

Measured Observations

Item	Location	Measurement	Comments
Beef	Walk-in cooler	35.00 Fahrenheit	
Hot water	Three compartment sink	130.00 Fahrenheit	

Overall Comments:

Note: 1. This is a follow-up inspection to the routine inspection that was conducted on 5/2/2025. The restaurant was closed due to heavy cockroach infestation. The owner of the facility hired three pest control companies and conducted three interventions in the last couple of days. Some of the structural issues including the gaps between the wall and the sinks and the preparation tables and the walls were either caulked or sealed. All food products were removed from the floor and stored on shelves or dunnage racks. The owner has also contract with EcoLab Pest Elimination Division to have a biweekly pest control intervention.

During the time of this inspection, no live or dead cockroaches were observed. Therefore, the facility is open for service.

2. Since this is a second follow-up inspection for the same violation, the owner shall be billed \$298.00 invoice for this inspection.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **5/21/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
