WARM WATER	HANDSINKS, KITCHEN AND RESTROOM	100.00 Fahrenheit	
AMBIENT TEMPERATURE OF REFRIGERATORS	WALK-IN REFRIGERATOR	39.00 Fahrenheit	

Overall Comments:

Lift off Cafe Risk Factor Assessment inspection.

A risk factor assessment/structural review was provided during non-operation hours. Provided inspection, discussion, and education focused on observed and non-observed risk factors known to contribute to foodborne illness.

Facility is currently not in operation; operators stated there may be plans in the coming months to reopen. The operation would shift from FFlight Plan cafe to Lift Off Cafe. Operator requested that the health permit still be kept active. Please keep inspector updated on any reopening dates/changes in plan.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **1/20/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
