Overall Comments:

Follow-up inspection for issue with flies within the facility.

Facility was previously dealing with an issue related to large amount of flies in the display cases, where the PIC acknowledged had resulted in the contaminated food. When limited inspection was conducted on 3/9/26, facility was in middle of multiple planned treatment with pest control service to correct the issue. Fly activity was still observed during that inspection, but activity was limited to areas away from open foods, and the water damaged cabinet that was the source of the flies was repaired.

At time of today's inspection, PIC notes that the multiple treatments with pest control has been completed and issue has been abated. Pest control service reports were not available for review.

No fly activity was observed within the facility.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **4/14/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.

Legend:

[CA]	Corrective Action
[COS]	Corrected on Site
[N]	Needs Improvement
[NA]	Not Applicable
[NO]	Not Observed
[PBI]	Performance-based Inspection
[PHF]	Potentially Hazardous Food
[PIC]	Person in Charge
[PPM]	Part per Million
[S]	Satisfactory
[SA]	Suitable Alternative
[TPHC]	Time as a Public Health Control
