Overall Comments:

Follow-up inspection for vermin.

K23M - Vermin

- No live activity observed during time of inspection.
- Observed front counter has been sealed and finished to minimize potential for harborage of vermin.
- Observed FRP panels installed on walls and sealed. Continue to finish walls and seal open/unfinished surfaces to prevent harborage.
- Remove and replace any rail bracket shelving and seal around shelving brackets to prevent possible harborage.
- Reviewed pest control report for recent service. Continue to communicate with pest control to service facility.
- Place monitoring traps within the facility floors and counters to evaluate for any activity.
- Clean and sanitize areas with activity.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **10/7/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
