Measured Observations

Item	Location	Measurement	Comments
SLICED TOMATOES, ORANGES	PREP INSERTS, REAR PREP UNIT	35.00 Fahrenheit	
GYOZA	REACH-DOWN SECTION, REAR PREP UNIT	39.00 Fahrenheit	

Overall Comments:

This was a follow-up to the 2/4/25 routine inspection. The food temperature violation was observed to be corrected (potentially hazardous foods in the rear prep unit measured below 41F).

Observed one live, slow-moving cockroach. A pest control report from last Friday was available.

Continue to work with pest control; recommend having pest control service twice per week for at least a few weeks. Email pest control reports to mindy.nguyen@deh.sccgov.org for the next 3 pest control services.

Due to the presence of only one major violation, the yellow placard was replaced with a green placard.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **2/24/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
