Overall Comments:

On-site to conduct a follow-up inspection to the previous routine inspection and facility closure (dated 3/9/2026).

The following major violation has been corrected:

- K23: No evidence of live vermin activity observed during inspection.

Confirmed facility has completed the following steps prior to re-opening:

- 1. Checklist for re-opening has been received from Amandeep Singh.*
- 2. Reports from a licensed pest control company, BayPest, have been received. Facility received treatment for cockroaches on 3/10/2026. Pest control report states that no live activity was observed during inspection.*
- 3. All sanitation and food safety items on worksheet have been verified as completed. Facility has conducted cleaning of the kitchen area.*
- 4. All prevention measures on worksheet have been verified as completed, including sealing the gaps in the electrical panel, in the walls, and in the back door. Confirmed this facility will continue to receive regular pest control services from BayPest (two times a month) and will additionally conduct fumigation services from Banner.*

The facility is hereby authorized to operate by this department. Continue to address remaining violations as cited on the routine inspection report.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **3/24/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
