Overall Comments:

Per PIC, all leftover hot foods are discarded at the end of the lunch period.

A shared cart is placed out for students to place and share unwanted fruits. After the meal period, the fruits are inspected and are either discarded or rewashed.

Discussed with PIC regarding the use of food preparation sinks vs the two compartment sink in the warewashing area.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **3/16/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
