Overall Comments:

On-site to conduct a follow-up inspection to the previous routine inspection and facility closure (dated 3/5/2026).

The following major violation has been corrected:

- K23: No evidence of live vermin activity observed during inspection.

Confirmed facility has completed the following steps for re-opening:

- 1. Checklist for re-opening has been received from Sarath.*
- 2. Reports from a licensed pest control company, 360 Pest Management, have been received. Facility received treatment for cockroaches and rodents on 3/6/2026 and 3/9/2026. Facility received additional pest control inspection on 3/10/2026. Pest control report states that no live activity was observed during inspection.*
- 3. All sanitation and food safety items on worksheet have been verified as completed. Facility has conducted cleaning of the sales floor and storage area.*
- 4. All prevention measures on worksheet and on pest control report have been completed, including sealing gaps in the wall. Confirmed this facility will continue to receive regular pest control services from 360 Pest Management (every week for the next month, then biweekly for the next months.)*

The facility is hereby authorized to operate by this department. Continue to address remaining violations as cited on the routine inspection report.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **3/24/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
