Overall Comments:

The LHCF's kitchen was closed yesterday by Helen Dinh due to cockroach infestation. The facility conducted a thorough cleaning, hired a pest control company to conduct intervention, and address the structural deficiencies. During the time of this inspection no live or dead cockroach was observed in the kitchen's preparation, wash, and storage areas.

Therefore, the facility is open for service. However, the other major and minor violations cited during the routine inspection must be corrected immediately.

FACILITY RE-OPENED / PERMIT REINSTATED

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **9/30/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
