Overall Comments:

1. Observed Vermin: Documented in the following areas:

- Three dead german cockroaches under the food prep table.
- One german cockroach under the shortage shelve.
- One dead german cockroach behind the oven.
- One dead german cockroach under the 3-comp sink.
- One dead german cockroach near janitorial sink.

2. Photographs: Taken for documentation purposes.

3. Supervisor Notified: Suzanne Lew.

4. Notification: The person in charge during inspection, Simran Jit Singh, has been informed that the facility must close immediately.

[CA]: The premises of each food facility must be maintained free of vermin. A facility cannot operate if there is a vermin infestation that leads to contamination of food contact surfaces, packaging, utensils, food equipment, or adulteration of food. The facility is required to cease operations immediately and must remain closed until all corrective actions on the provided checklist are completed.

Requirements Before Reopening:

1. Email the signed and completed Reopening Checklist to the assigned inspector.
2. Submit a copy of the pest control report from a licensed provider.

CLOSURE / PERMIT SUSPENSION NOTICE

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **7/16/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.

This notice is to inform you that as of this date the Environmental Health Permit for the above mentioned food facility is hereby suspended and all operations therewith are ordered to cease. This action is taken in accordance with Section 114409 of the California Health and Safety Code which states 'If any imminent health hazard is found, unless the hazard is immediately corrected, an enforcement officer may temporarily suspend the permit and order the food facility or cottage food operation immediately closed.'

You have the right to make a written request for a hearing within 15 days after receipt of this notice to show just cause why the permit suspension is not warranted. Failure to request such a hearing within the 15-day period shall be deemed a waiver of the right to a hearing. After these violations have been corrected, you must call the Department of Environmental Health for a reinspection to reinstate the permit to operate. Phone #: (408)918-3400.

Legend:
