Overall Comments:

Follow-up inspection for closure due to cockroach infestation in the facility.

The following violation(s) was not corrected:

K23M - COCKROACH ACTIVITY

- In the employee service area, observed a single live cockroach on the wall on the right side of the area, and multiple live cockroaches on the top right side in crevices between crown molding and FRP panels.
- In the kitchen area, to the left of the dry storage racks, behind the 3 door reach in refrigerator, observed 3 live cockroaches around the power outlet.
- In the back prep area, above the 3 compartment sink, observed 3 live cockroaches on crevices between wall and ceiling.
- In the back prep area, on the wall/ceiling above the prep table, observed 4 live cockroaches on crevices between wall and ceiling.
- Facility will continue to stay closed. Contact pest control to provide further service for facility. Clean and sanitize all areas with activity.
- Remove all equipment from the kitchen area to allow for further cleaning and preventing areas of harborage. Seal all cracks and crevices to prevent further harborage.

This second follow-up inspection to be charged at \$219.00.

CLOSURE / PERMIT SUSPENSION NOTICE

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **7/21/2021**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.

This notice is to inform you that as of this date the Environmental Health Permit for the above mentioned food facility is hereby suspended and all operations therewith are ordered to cease. This action is taken in accordance with Section 114409 of the California Health and Safety Code which states 'If any imminent health hazard is found, unless the hazard is immediately corrected, an enforcement officer may temporarily suspend the permit and order the food facility or cottage food operation immediately closed.'

You have the right to make a written request for a hearing within 15 days after receipt of this notice to show just cause why the permit suspension is not warranted. Failure to request such a hearing within the 15-day period shall be deemed a waiver of the right to a hearing. After these violations have been corrected, you must call the Department of Environmental Health for a reinspection to reinstate the permit to operate. Phone #: (408)918-3400.
