Overall Comments:

The owner was asked to go through this department plan review process since the change of ownership. According to the owner he attempted but never followed through with the process. There is a 2 compartment sink, no mop sink, new equipment brought in, unapproved freezers, appears to also have unapproved plumbing lines behind the prep unit, and unapproved floors and deteriorated walls. This list is not complete as the plan review process will confirm all needed actions. Submit the application and fees within 14 days for the plan check process. According to the owner he will submit to this department today.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **12/20/2024**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
