Overall Comments:

On site for follow up inspection.

The facility was closed on 9/10/25 for rodent infestation.

No observations of vermin activity in the facility.

Areas with rodent droppings noted on 9/10 inspection are cleaned.

Front door is maintain closed. Stoppers from front doors have been removed to allow doors to self close.

Back doors in produce section kept self opening even after closing, employee has closed back doors with screws and it will only be opened for delivery purposes until new operational doors are installed.

Ensure all doors are maintained closed to prevent pest entry.

All open holes have been sealed with metal mesh and foam.

All the food or food related boxes are stored six inches above the floor.

- Observed multiple cardboard boxes, crates and other unused items right outside produce area. Ensure unnecessary items are removed from the premises to prevent pest harborage.

Continue to obtain professional pest control services to ensure there is not pest activity.

Facility is ok to reopen.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **9/25/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
