Overall Comments:

Follow-up for routine inspection conducted on 5/07/26.

Verified that the following major violations are still in compliance:

- Handwash sink in front service area is fully stocked and only used for handwashing.*
- Any PHF that has been cooked, cooled, and reheated for hot holding shall be reheated to a minimum internal temperature of 165°F for 15 seconds.*

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **5/26/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
