Reviewed temperature receiving logs and verified foods are in temperature.

****NOTE** Immediately discontinue the storage of upright warmer and portable cooler in outdoor areas. Potentially Hazardous Foods and prepackaged foods must be stored within the enclosed facility that is permitted and approved by this department. When food is to be served, the upright warmer and portable cooler may be moved to the outdoor folding tables for service.**

Discussed with PIC that facility is to submit standard operating procedures (SOPs) for the storage and service of pre-packaged foods to this department by 3/24/2025.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **3/31/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
