Overall Comments:

Follow-up inspection to routine inspection conducted on 8/09/2025.

Grease trap has been repaired, three compartment sink is free-flowing and non-leaking.

All PHF's held outside of temperature control have been time logged with a start time removed from temperature and an end time when discarded.

No evidence of vermin observed within the kitchen dry storage areas. Old droppings still observed within the unused soda bib closet, area cleaned and sanitized at the time of inspection.

New door sweeps have been installed on exterior doors and clutter and unused equipment removed.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/28/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
